GIVEN LEAVE TO WITHDRAW,

The Selectmen Meet and Pass a Double Resolution—The First Democratic Motion Passed Since the Organization of the

The adjourned meeting of the board of selectmen was held last-evening to decide definitely whether or not to instruct the town counsel to go up to Hartford to oppose the bill for laying a single electric raliroad track on Townsend avenue in the annex. There was a full attendance of the board present.

Clerk Perry read: Moved that the board of selectmen instruct the town counsel to appear in Hartford and oppose laying a single track for electric cars on Townsend avenue.

Selectman Forbes said: 'I think the best thing we can do is to keep our hands out of this mess. Let them fight out up at Hartford among themselves, and then if they do get a charter we can do what is in our power with the electric road."

Selectman Cunningham moved to give the petitioners leave to withdraw. Selectman Bretzfelder seconded the

motion. Town Agent Baldwin offered the following substitute motion, which was seconded by Selectman Brown:

"Inasmuch as a time has been set by the committee on railroads of the general assembly for a hearing on the propered amendment to the charter of the New Haven Street Railroad company Providing for several changes therein of which the laying of a track on Townsend avenue is one, this board is of the opinion that it is in the interest of all concerned parties that the entire amendment as proposed be fully heard before said rathroad committee, and be by it determined."

Town Agent Baldwin thought that his motion was sufficient, but Selectman Cunningham thought that both should be passed, and the situation freely dis-

Mr. Cunningham's idea prevailed, and the double motion, that the petitioners be given leave to withdraw and the above resolution was passed.

This is the first democratic motion that has been passed by the board since its organization last December.

CARSON MINT DISMANTLED. Gold and Silver Bullion Ordered Removed to San Francisc

Washington, April 18 .- Mint Director Preston has ordered the removal to now at the Carson mint. Some \$600,000 of unrefined silver now at the Carson mint will be subsequently removed to San Francisco. This removal of the bullion from Carson practically completes the dismantling of that mint.

Mr. Mason, the government expert who discovered the shortage, will re main at Carson for several weeks yet, and will then proceed to make an examination of the San Francisco mint,

Prospering at Wallingford.

Wallingford, April 18.-Plans for an addition to the plant of the Housatonic Manufacturing company of this place are nearly completed, and the construcwill be a brick structure, 38x56 feet, and will face on Cherry street. An engine, together with bollers, will be placed in basement, and the new shop will be filled with the most modern improvements and labor economizing appliances. The contract has been award ed to C. F. Wooding.

Death of Bernard J. Burns.

Bernard J. Burns, who died at his residence on Orchard street, this city. vesterday, was a citizen well known for his integrity and held a high place in the esteem of the many friends who mourn his loss. He also leaves a wife and four children, who have the sympathy of the community. Mr. Burns was engaged in business. He had been ill for quite a long time with consumption.

WALLINGFORD.

Took Carbolic Acid and Died-A Sad Case-The Firemen's Ball-North Haven Grange -General News.

Thomas McCarton, who resided o South Cherry street and worked in the foundry of H. L. Judd & Co., took a dose of carbolic acid just before 6 'clock last evening and died inside of ten minutes. He leaves a wife and five children. The story of the sad affair nifled their intention to.

husband came into the house about a celling well, and went into the pantry and took what he supposed was Jamaica ginger, and soon after came out and said that he was afraid that he had got the wrong bottle, and as she smelled his breath she discovered he had taken carbolic acid. He went out of door and came into the kitchen again and fell on the floor in great agony, and died in a few minutes. Mrs. McCarton alarmed the neighbors and G. H. Reilly

went after Dr. Wilson, who was prompt on the scene, but the patient was dead before his arrival. He was a member of the Knights of Columbus. There ems to be but little doubt but that the case was one of suicide, as McCarton purchased ten cents worth of carbolic acid of Druggist Smith late yesterday afternoon and went home and took the dose. The reason for the act can only be conjectured. It is claimed he has not been quite right in mind for several

days. He was not at work yesterday. The great event of the season, the courth annual concert and ball of the fire department, will be held this evenng in the armory. Music by Prof. Hill's orchestra. Prof. W. M. Casey prompter. The committee of arrange ments has been hard at work for the past month arranging all the details, and it is expected that the affair will clipse any previous effort, which is saying a good deal. Delegations of firemen from New Haven, Waterbury, New Britain, Meriden and other places

are expected to be present.

Lorenzo Wilcox, who gained such eputation as a temperance poet, durng the several temperance revivals ere under T. E. Murphy's magic in fluence, has got printed a little book containing his several poetical effuons, and is offering them for sale at a dime each and is meeting with good success. He is also considering the takthe San Francisco mint of \$530,000 of ing of the agency for the sale of Editor gold bullion and \$130,000 of silver bul- Kimball's (of the Waterbury American) work, "The Blue Ribbon," a history of 'Ned" Murphy's work and methods,

The North Haven grange, with drum corps, came up here last evening as gueste of the local grange, and furnished the program of the evening's entertainment. The visit was an en joyable one, and the visitors were en tertained by the Wallingford brethren in a right royal manner. The bator used by the drum major of the drun corps was a novelty in its way, and onsisted of a straight plece of white birch surmounted by a monster turnip The finder of a combination pin, con sisting of the emblem of Compass lodge, F. and A. M., together with the U. R. K, of P. badge, will be suitably

The entertainment at St. Paul's Sunday school will be held in the parish house this evening, and the attendance prizes will be distributed.

The late express trains for New Haven and Hartford will stop here to-morrow morning for the accommodation of visitors to the fire department ball.

WORK BEGUN

On the New Parish House or Chapel of the College Street Church,

Work has been commenced on th new parish house of the College street church on their lot at the corner of Sherman avenue and Chapel street. The building is to be 54x92, with a brown stone front, and the rest rough ashlar work. It will be two stories high, and contain all the conveniences of a modern parish house.

At a meeting of the society of the church recently \$19,000 was appropriated for immediate use in building, and \$1,000 to be used later on. The contract for the mason work on the building has been awarded to the firm of Smith, Sperry & Treat. The carpentry work is in charge of Smith & McQueen and the plumbing to the G. S. Arneld company. The mantels and tiling will be furnished by the Chamberlain Fur-niture and Mantel company. W. H. Allen is the architect.

The building will face Sherman aveme, and is to be located at the rear end of the lot, so as to leave room for a church proper in time to come.

The location of the rooms is as folows: In the basement there will be a citchen, two large dressing rooms and a spacious room to be used as a gymna-stum, dining room and drill room. On the first floor is situated the reception parlors and the main audience room, the size being 50x50 feet, and the infant class and Sunday school library. The reception pariors and audience coom will be connected by large folding loors, making it very convenient. On the second floor there will be the ladies' parlors in the front, the pastor's study

and committee room. The lot has been entirely paid for and the church will be situated so as to accommodate that rapidly growing community. When the church opens there will be a large number ready to attend, as a number of families have sig-

A name for the church has not yet is told by Mrs. McCarton is that her been decided on, but it will be changed since it will not still be on College nuarter to 6 and complained of not street. It is expected that the work will be completed by next November when the congregation will proceed to occupy it.

NAVAL BATTALION DRILL.

Pleasant Reception and Neat Drill-Distinguished Guests Present-A Large At tendance.

The first drill and reception of the First division, Naval Militia, C. N. G., was held in the armory last evening and proved a most enjoyable affair The armory was well filled with the many friends of the division. The decorations, while not elaborate, were very tasteful and beautiful. The American econd regiment band, Frank Fichtl eader, rendered a most excellent musical program during the evening. The drill given by the battalion was divided nto three parts, namely, infantry drill, wall scaling and artillery drill. nfantry drill, executed by the entire livision, was most excellent, including the manual of arms and battalion move ments. The wall scaling drill was exeuted by about fifteen members. A niniature wall was erected about ter feet high and over this the men gave heir exhibition.

The artillery drill was the best exe uted and called forth the most applause. Their new Hotchkiss guns were used for the first time and are plause. odels of excellence

After' the exhibition was over there as dancing.

The guests of the evening were Gov rnor Coffin and the following members f his taff: Adjutant General Charle: P. Graham, Assistant Adjutant Genera William E. F. Landers, Assistant Quartermaster General Louis R. Cheney ommissary General Henry S. Peck Paymaster General James H. Jarman udge Advocate General Leonard M Daggett, Colonel Herbert L. Camp and Colonel Henry W. Wessells, Captain Thompson, U. S. A., and Major F. M.

AGONIZING EGZEMA

Feet Sore and Thumbs Useless. Doctors and Medicine no Avail. Terrible Suffering. Cured in Four Weeks by CUTICURA.

I have a boy, fifteen years old, who had the exema so offensive that I could not stay in the room with him. The poor boy suffered terribly. His feet were terribly sore; he could not wear any shoes, and had therefore to siay at home from school. When he put on dry stockings in the morning, they would in one hour be saturated with moisture, and very offensive even in the coldest weather. The disease began to spread over his body; especially his hands and fingers. The thumbs on both his hands became stiff and as useless as two withered sticks of wood. It would be useless for me to try to tell the suffering this boy endured. I took him to two different doctors; both gave him lots of medicine, but all to no use. He gree worse. I therefore despaired of ever having him cured. One day I saw the great benefits promised to those who would use Curtcum are also begin them. However, I used them according to directions, and to-day I say truthfully to all the world, that my son is entirely cured, thank God and thank the discoverers of Curtcum are the say of the country weeks as sound as a gold dellar.

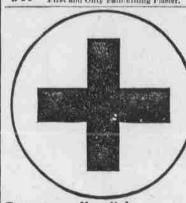

CUTICURA WORKS WONDERS

the CUTICURA REMEDIES prove them to be the greatest skin cures, blood purifiers, and humor remedies ever compounded. Their wonderful popularity and sale are due to the cures effected by them, and this is the most substantial evidence of their curative value. Sale greater than the combined sales of all other blood and skin remedies.

Sold throughout the world. Price, Cuticuna, 50c; Soap, 25c; Resolvent, \$1. Potter Davo And Chem, Cohe, Sole Proprietors, Boaton.

PIMPLES, blackheads, red, rough, chapped, and oily skin cured by Currouna Soar.

BACK ACHE, KIDNEY PAINS Weakhess, Soveness, Lameness, Strains, and Palus relieved in one minute by the Cuticura Auti-Pain Plaster. First and Only Pain killing Plaster.

Emergency Hospital

Doctors and nurses realize the necessity of counteracting the effects of the "shock" which accompanies all accident and surgical cases, and which more often proves fatal than the original cause.

Animation is temporarily suspended Something must be done to start "the wheels" going again, as it were. The stomach is in no condition to digest a sufficient amount of food to nourish the other organs of the body, so they resort to

Bovinine the original raw food, because the least amount of it contains the most life, strength and blood-producing qualities of anything known to medical science, It will, unaided, sustain strength for weeks, and can be retained by the Weakest Stomach.

Bovinine is not a medicine, but ? builder of flesh and bone, and a maker of blood. For all cases of sickness chronic invalids, infants or the aged, it is indispensable. 25,000 physicians en dorse it. Sold by all druggists, The Bovinine Co., New York,

April Showers Bring Forth May Flowers."

So wrote the poet, long since, and each recurring April verifies it. Already the buds are peeping out and soon "nature will put on her beautiful garments"; the traces of winter will vanish, and presently earth and shrub and tree will be "arrayed in living green" and "the desert will bloom and blossom as the rose." But during all seasons people must live. And in order to support life and properly nourish "The house we live in" it is indispensible to eat GOOD BREAD. Root, the Baker, was the first to introduce, in this city, the celebrated Quaker Bread which has become so deservedly popular. At great labor and expense he fitted up the proper apparatus to mix and bake it by the Original Process. And ie succeeded so well that it is now known as the

BEST BREAD IN THE STATE.

It is made from absolutely pure materials and contains ingredients (one of which is Malt) that render it not only sweet and palatable, but also easy of digestion and very nutritious. It can be eaten fresh without injury to the most delicate stomach. For sale
